

3200 ECONOMIC NEED.

3201 General. The Division will consider participation by individuals in the cost of vocational rehabilitation services only during implementation of an Order of Selection. Should an Order of Selection be implemented, this section provides policy which would be needed most often by the Counselor when determining whether and to what extent the Division should require a client to participate financially in the cost of rehabilitation services provided or sponsored by the Division under an *Individualized Plan for Employment* (IPE) during the effective period of such implementation.
